

Press Release from Taipei Motor Vehicles Office,  
Directorate General of Highways

News Category: Transportation news

Date of News: October 31, 2023

News provided by: The number of people who purchased the TPASS and the number of people who used various transportation vehicles in October hit a new high in a single month.

News Title: According to the statistics of the Highway Bureau, since launching the commuter monthly pass till yesterday (11/2), a total of about 2.685 million people have purchased the public transportation commuter monthly pass, and more than 175 million people have used the commuter monthly pass to take various transportation vehicles.

The Bureau said that in October, the number of monthly pass purchases and users were 712,000 and 49.764 million respectively, both setting the new monthly record high since the implementation of the TPASS monthly pass in July. It is hoped that this policy will continue to cultivate people's habits of taking public transport, enhance the use of public transport, and promote energy conservation and carbon reduction.
